

NEW AND IMPROVED RC MOBILE TECH APP

The RC Mobile Tech app has been updated with a new look and feel in addition to some new and exciting features! The RC Mobile Tech app is the tool technicians need when standing in front of an HVAC unit. This new app helps technicians locate the right parts for the job and identifies the nearest CBP parts distributor. The app stores the data to keep a record of parts used, making it much easier to complete paperwork upon returning to the office.

HOW THE APP WORKS:

Scan product bar code, enter a product serial number or enter the model number and the app gives you access to important new information:

- Warranty Lookup Verify warranty entitlement status and view warranty claim history based on serial number.
- Service History Check maintenance records.
- Technical Literature Quickly locate the parts list for the unit and download spec sheets, installation manuals and more.

NEW LOOK & ENHANCED FEATURES

AFTERMARKET CROSS

REFERENCE TOOL saves time and money when looking for selection and cross-reference information from aftermarket motors and compressors to capacitors and combustion parts.

- STORE LOCATOR finds the nearest CBP parts distributor and even gives you directions.
- MY JOBS provides the ability to create jobs and add parts to jobs.

NEWEST FEATURE!

NEAR FIELD COMMUNICATION (NFC)

to support the 2023 entry-tier gas furnace to assist with control board installation, serviceability, and diagnostics.

- Quick & easy control board replacements, installations & diagnostics
- Entry-tier furnaces
