

# New York State Direct Purchasing Contract #23150

## What is Direct Purchasing & Who Can Use It?

Direct Purchasing allows state and local agencies ("Authorized User") the ability to replace equipment and services quickly and efficiently in support of their missions and everyday needs.

By definition, a state or local government agency is any city, county, district, or other local governmental body, including the State University of New York (SUNY) and City University of New York (CUNY) systems, K-12 public schools and community colleges.

## How Do I Buy?
