

# CROSSOVER SOLUTIONS HEAT PUMPS

Versatility, Performance & Comfort

Featuring  
**Puron**  
ADVANCE™

Models: 37MUHAQ, 37MURAQ

# WHY ARE SO MANY HOMEOWNERS CHOOSING CROSSOVER?

Bryant® Crossover Solutions provide a system that maintains the characteristics of traditional ducted heating and cooling while leveraging elements of ductless technology. Our systems are compatible with residential fan coils and furnaces, ensuring a seamless integration with your existing HVAC setup. They're the perfect choice for spaces of all sizes, creating a whole-home solution that can't be matched.

## Environment

With Puron Advance™, Bryant proudly continues our century-plus commitment to environmental stewardship. It's a refrigerant that delivers a 75% decrease in global warming potential while maintaining the non-ozone depleting properties of original Puron.

## Comfort Technology

Bryant Crossover Solutions are powered by an inverter compressor that continually adjusts its speed as conditions change—for consistent comfort with lower energy usage. Plus, enjoy year-round comfort with a Preferred™ Series heat pump that offers dependable performance in temperatures from -22° F to 122° F.\*

## Performance

Our Preferred Series Crossover Systems deliver up to 19.0 SEER2 and 10.8 HSPF2 ratings. Additionally, the Crossover heat pumps operate at sound levels as low as 55 dB(A), creating an ideal comfort without disrupting noise.

## Dual-Fuel

The Crossover heat pump can be paired with a 45MULA evaporator coil and an oil or gas furnaces, automatically switching between the two fuel sources based on the outside temperature to provide efficient comfort year-round.

## Limited Warranty

To the original owner, our Crossover systems are covered by a 10-year parts limited warranty upon timely registration. The limited warranty period is five years if not registered within 90 days of installation except in jurisdictions where warranty benefits cannot be conditioned upon registration. See warranty certificate for complete details and restrictions.<sup>1</sup>

<sup>1</sup>Timely registration required for 10-year parts limited warranty. Limited warranty period is five years for parts if not registered within 90 days of installation except in jurisdictions where warranty benefits cannot be conditioned upon registration. Please see warranty certificate for further details and restrictions.

# THE BRYANT DIFFERENCE

If you could look under the hood of a Bryant Crossover System, you'd see the future of electric, inverter-driven heat pump technology as the solution for home heating and cooling upgrades.

The Crossover heat pump uses a fully variable-speed compressor to adapt to your home's needs in real time, factoring in indoor and outdoor temperatures, humidity, thermostat settings, and more. By learning from past conditions, it adjusts its speed and output for consistent, efficient comfort. When paired with a Crossover indoor coil, the system delivers reliable performance all year long.

HIGH EFFICIENCY  
VARIABLE SPEED  
COMPRESSOR

## PICK YOUR PERFORMANCE

Experience the best of inverter heat pump technology and traditional HVAC systems.

	Preferred Heat Pump	Legacy Heat Pump
Efficiency*	Up to 19.0 SEER2 and Up to 10.8 HSPF2 ratings	Up to 18.8 SEER2 and Up to 9.7 HSPF2 ratings
Operating Range	Continuous: -22°F/122°F 100% capacity @ 5°F	Continuous: -13°F/122°F 70% capacity @ 5°F
Heating & Cooling Technology	Enhanced	Standard
Compressor Performance	Fully variable-speed with capacity range from 25-100%	
Durability	Galvanized steel cabinet, coated with baked-enamel finish on the inside and outside to protect against dings, dents and weather-based threats.	
Sound	As low as 59 dB(A)	As low as 55 dB(A)
Energy Star Certified	Most Combinations	-

\*Efficiency ratings dependent on indoor unit system pairings.

# A FULL SPECTRUM OF COMFORT

Your Bryant dealer will recommend a system to meet your home-comfort needs and local weather environment.

## SEE WHAT CROSSOVER CAN DO FOR YOU

With their efficient operation and flexible installation options, Bryant Crossover Systems are the ideal choice for a variety of applications, including remodels, expansions and older, more historic homes.
