HOW TO CONNECT THE CÔR® 7C THERMOSTAT* TO YOUR WI-FI® NETWORK AND MOBILE APP

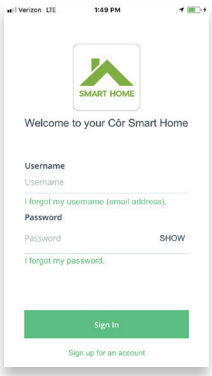

User's How-To Guide
*Firmware 2.11 or Higher

SMART HOME

CONNECTING THE CÔR® 7C TO YOUR WI-FI® NETWORK

Simple Wi-Fi® Setup Using Your Smartphone

After your Côr® 7C Thermostat is installed and set up by your dealer, you can connect the thermostat to your Wi-Fi network to control your home's comfort from anywhere with the free mobile app. This is a simple process and will only take a few minutes using your iOS or Android™ phone. Download the Côr Smart Home app from Google Play or the iPhone App Store.

Check thermostat firmware:
Start > Menu > Settings > About > SW Version

A Open the Côr Smart Home App on Your Phone:

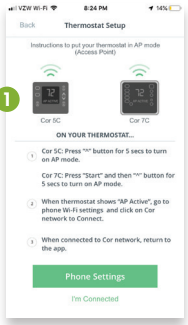

1. Sign in or Sign up for an account if you don't have an account.
2. After signing in, tap on **ADD** a device.
3. Check your thermostat firmware, if 2.11 or higher, select **YES**.
4. Was your thermostat setup by your dealer? Select **YES** if it was installed by your dealer.
5. Is your thermostat connected to Wi-Fi, select **NO**.
6. The app will guide you through the process to get a list of local networks for your thermostat.

SMART HOME

B On the Thermostat:

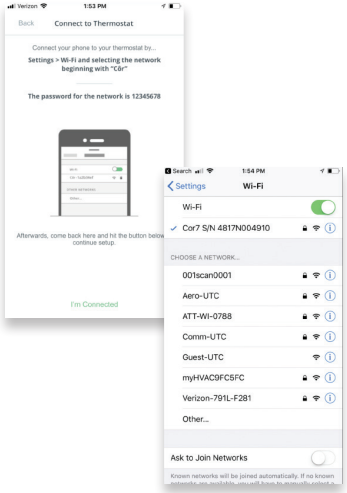

Select your network:

1. Tap **START** and press ⌃ for five seconds and wait till the thermostat screen shows AP ACTIVE.

C1 Mobile App Instruction for iPhone:

1. Tap iPhone settings, go to Wi-Fi® settings and select Côr 7 network.
2. Once successful, go back to mobile app.
3. Select **I'm connected**.
4. Once connected to the thermostat network, the mobile app will display a list of local Wi-Fi networks, select the home network. Touch **NEXT.**
5. Enter your home router's password and select **Connect Thermostat to Wi-Fi.**

C2 Mobile App Instruction for Android™:

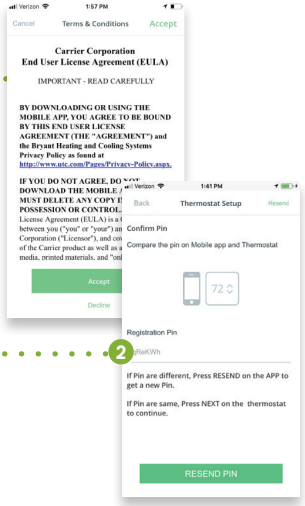

1. Touch **SEE LOCAL NETWORKS** and select the Côr 7C thermostat.
2. Once successful, go back to the mobile app.
3. Select your network and touch **NEXT**.
4. Enter your home router's password and select **Connect Thermostat to Wi-Fi.**

YOUR THERMOSTAT SHOULD NOW BE CONNECTED TO WI-FI.

CONNECTING THE CÔR 7C TO YOUR MOBILE APP

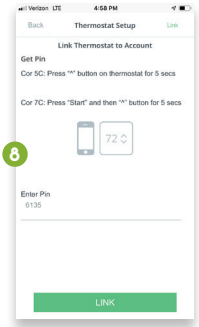

D Link Your Account on App to Thermostat

1. Read and accept the Terms & Conditions agreement. Tap **NEXT.**
2. Compare the six-character PIN on the mobile app and thermostat.
3. If the PINs are the same, tap **NEXT** on **THERMOSTAT**.
4. Select a name for your thermostat and tap **NEXT.**
5. Update the home profile and tap **NEXT.**
6. Update the home address and tap **NEXT.**
7. **Congratulations**, you can now control your thermostat remotely through the Côr mobile app.

E Link Account When Thermostat Is Already Connected to Wi-Fi®

1. Sign in or Sign up for an account if you don't have an account.
2. After signing in, tap on **ADD A DEVICE**.
3. Check your thermostat firmware, if 2.11 or higher, select **YES.**
4. Was your thermostat setup by your dealer? Select **YES** if it was installed by your dealer.
5. Is your thermostat connected to Wi-Fi? Select **YES.**
6. Read and accept the Terms & Conditions agreement. Tap **NEXT.**
7. Tap Start and then press ⌃ for five seconds on the thermostat to get a six-character PIN.
8. Look at the PIN on your thermostat and enter the PIN on app. Tap **LINK.**
9. Select a name for your thermostat and tap **NEXT.**
10. Update the home profile and tap **NEXT.**
11. Update the home address and tap **NEXT.**
12. **Congratulations,** you can now control your thermostat remotely through the Côr mobile app.

YOUR THERMOSTAT SHOULD NOW BE CONNECTED TO THE MOBILE APP.
