

KeepRite® Packaged Heating & Cooling Systems

KeepRite®
Heating & Cooling Products
The Pros Know.

Performance Series
PAD4/PGD4

Built with strength

When you choose KeepRite® heating and cooling equipment, it means your home comfort is backed by superior engineering and quality manufacturing so you can enjoy more important things. Each unit is 100% run tested, and we design our products to give you exceptional quality, energy efficiency and reliability. We deliver products that give you the most in home comfort so you can enjoy comfort with confidence.

Backed by exceptional warranties

Every KeepRite product is backed by an up to 10-year parts and compressor limited warranty so you'll have peace of mind.**

Timely registration required.
See warranty certificate for
details and restrictions.

What is a packaged system?

KeepRite packaged all-in-one units are designed for durability and comfort. The units stay enclosed outside or on a roof and come in a variety of combinations: dual fuel gas furnace/heat pump, gas furnace/air conditioner, electric heat pump and electric air conditioner.

What matters in a packaged system?

Get the most out of a packaged system by choosing the product that fits your comfort needs. All of our packaged products include comfort enhancing and durable features to deliver lasting performance. For the ultimate of comfort, look for two-stage heating or cooling operation. Our toughest units feature wire hail guard grilles, tin-plated copper evaporator coil tubing, and stainless steel heat exchangers (in gas heating units). KeepRite® packaged units offer energy efficiency, increased comfort, durable performance and quiet operation.

Air Conditioner

What sets KeepRite® packaged units apart?

1. Copper/aluminum coils and quality copper tubing.
2. High-pressure switch to protect system.
3. ECM indoor blower motor provides efficient airflow.
4. Control panels allow for quicker, easier service access.
5. Rugged pre-painted steel cabinet, full perimeter metal-base rails, and wire grilles to protect the coil.

For California Residents:

For installation in SCAQMD only: Model PGD4 does not meet the SCAQMD Rule 1111 14 ng/J NOx emission limit, and thus is subject to a mitigation fee of up to \$450. This product is not eligible for the Clean Air Furnace Rebate Program: www.CleanAirFurnaceRebate.com.
