PACKAGED HEATING & COOLING SYSTEMS

COMBINED COMFORT

Models
PHD4, PDD4

COMFORT WITH CONFIDENCE

When you choose KeepRite heating and cooling equipment, it means your home comfort is backed by superior engineering and quality manufacturing so you can enjoy more important things. Each unit is 100% run tested, and we design our products to give you exceptional quality, energy efficiency and reliability. We deliver products that deliver home comfort you can enjoy with confidence.

WHAT IS A PACKAGED SYSTEM?

KeepRite packaged all-in-one units are designed for heating and/or cooling comfort in one superior packaged product. The units stay enclosed outside or on roofs and come in a variety of combinations to deliver ultimate year-round comfort. The PHD4 is our Performance 14 packaged heat pump, while the PDD4 is our Performance packaged dual-fuel heating and cooling unit.

WHAT MATTERS IN A PACKAGED SYSTEM?

ENERGY SAVINGS

SEER2 (Seasonal Energy Efficiency Ratio) measures the cooling efficiency of air conditioners and heat pumps during an average cooling season. EER2 (Energy Efficiency Ratio) measures cooling efficiency during a set temperature (95° F). HSPF2 (Heating Seasonal Performance Factor) measures the heating efficiency of heat pumps. For each of these ratings, the higher the number, the greater the potential for energy savings. Performance System heat pumps offer 13.4 SEER2/10.3 EER2 and 6.7 HSPF2.

YEAR-ROUND COMFORT

Enjoy comfort every season with our efficient PHD4 packaged electric heating and cooling heat pump. It features a single-stage compressor and multi-speed blower for even temperature control and reduced humidity in the warm seasons to quietly deliver better comfort.

The PDD4 dual-fuel model allows you to choose your best efficiency. It allows you to maximize comfort with energy-efficient electric heating and cooling that you can switch to high-performing natural gas heating when the mercury drops.

RUGGED BUILD

Built for lasting durability with pre-painted steel cabinets and dense wire coil guards to protect the outdoor coil. The evaporator coil is made of quality aluminum for lasting corrosion resistance.

PEACE OF MIND

Rest easy with a 3-Year No Hassle Replacement™ limited warranty. Our No Hassle Replacement limited warranty backs every KeepRite Performance PHD4 and PDD4 packaged system. It means comfort with no questions. We'll replace your unit if the compressor or condenser coil fails within the covered period.* This provides extra coverage in addition to a 10-year parts limited warranty.**

See warranty certificate for details.

* See warranty certificate for complete details and exclusions.

** Timely registration required for 10-year parts limited warranty and lifetime heat exchanger limited warranty. Limited warranty period is five years for parts and 20 years for heat exchanger if not registered within 90 days of installation except in jurisdictions where warranty benefits cannot be conditioned upon registration. Please see warranty certificate for further details and restrictions.

All systems tested and listed by the appropriate agencies.
