AIRQUEST

A NEW KIND OF COMFORT ZONE

Adding a sunroom or turning your basement into a spare bedroom? Have a space that gets too hot or has fluctuating temperatures? No sweat.

No matter your need or challenge, AirQuest Ductless solutions can give you the comfort you desire.

Experience a new kind of comfort zone with **AirQuest Ductless.**

REGAIN CONTROL OF YOUR SPACE

AirQuest Ductless Systems are sophisticated and sleek. But what really makes us an industry leader is our systems' performance, efficiency and innovation.

- LOW ENERGY USE**
- 40.0 SEER efficiency rating — one of the highest in the industry
 - Many models with ENERGY STAR® certification

- WASHABLE FILTERS**
- Easily clean and reuse filters for higher efficiency and lower costs

- COOL TECH & FEATURES**
- Compatible with third-party thermostats
 - Wi-Fi® enabled for easy control on the go
 - Inverter technology to automatically regulate temperatures

- FLEXIBLE OPTIONS**
- Multiple indoor unit options for any need
 - Versatile outdoor units for single or multi-zone demands
 - Easy modification when needs change

- EXTREME TEMPERATURE PERFORMANCE**
- Operate in temperatures as low as -22° F and as high as 122° F

- EASY, PROFESSIONAL INSTALLATION**
- A small hole in the wall to connect the pipe from the outdoor unit to the indoor unit
 - No major renovations, patching or painting required

DO MORE WITH DUCTLESS

AirQuest helps make uncomfortable spaces comfortable — with any budget. We've thought through it all, so you can get the control, comfort and performance that you've always wanted from your HVAC system.

Now you really can do more with less. **Only with AirQuest Ductless.**
