

QuietComfort® Series

PACKAGED HEATING & COOLING SYSTEMS

COMBINED COMFORT

Model
PHR5

COMFORT WITH CONFIDENCE

When you choose Heil® heating and cooling equipment, it means your home comfort is backed by superior engineering and quality manufacturing so you can enjoy more important things. Each unit is 100% run tested, and we design our products to give you exceptional quality, energy efficiency and reliability. We deliver products that deliver home comfort you can enjoy with confidence.

WHAT IS A PACKAGED SYSTEM?

Heil packaged all-in-one units are designed for heating and/or cooling comfort in one superior packaged product. The units stay enclosed outside or on roofs and come in a variety of combinations to deliver ultimate year-round comfort. The PHR5 is our most efficient packaged electric heating and cooling heat pump, designed for lasting performance.

WHAT MATTERS IN A PACKAGED HEAT PUMP?

ENERGY SAVINGS

SEER2 (Seasonal Energy Efficiency Ratio) measures the cooling efficiency of air conditioners and heat pumps during an average cooling season. EER2 (Energy Efficiency Ratio) measures cooling efficiency during a set temperature (95° F). HSPF2 (Heating Seasonal Performance Factor) measures the heating efficiency of heat pumps. For each of these ratings, the higher the number, the greater the potential for energy savings. QuietComfort® heat pumps offer up to an ENERGY STAR® qualified 15.5 SEER2/11.5 EER2/7.5 HSPF2.

QUIET YEAR-ROUND COMFORT

Enjoy comfort in any season with our high-efficiency PHR5 packaged electric heating and cooling heat pump. It features a two-stage scroll compressor and a multi-speed blower motor to quietly optimize home temperature control and reduce humidity.

RUGGED BUILD

Built for lasting durability with pre-painted steel cabinets and louvered coil guards to protect the outdoor coil. The evaporator coil is made of quality tin-plated copper to provide improved corrosion resistance. Durable built to withstand bad weather and debris. Designed for corrosion resistance and lasting performance.

PEACE OF MIND

Rest easy with a 5-Year No Hassle Replacement™ limited warranty along with 10-Year Parts limited warranty upon timely registration*

* Timely registration required for 10-year parts limited warranty. Limited warranty period is five years for parts if not registered within 90 days of installation except in jurisdictions where warranty benefits cannot be conditioned upon registration. Please see warranty certificate for further details and restrictions.

WHAT SETS HEIL QUIETCOMFORT PACKAGED HEAT PUMP APART?

Durability – Rugged pre-painted steel cabinet, full perimeter metal-base rails, and louvered steel coil guard provides protection against outdoor threats while allowing easy access to the coil.

Lasting Corrosion Resistance – Tin-coated copper evaporator coil (main tubes) for durability.

Proven Performance – Scroll compressor operates with proven efficiency and reliability and is housed in an extra-thick shell for added durability.

Effective Air Management – ECM indoor blower motor provides efficient airflow.

Efficient Cooling – Advanced electronic integrated defrost control switches quietly from cooling to heating – and keeps coils more efficient during operation.

Easy Routine Maintenance – The control panel provides quick and easy access to controls for installation and maintenance, and the protective exterior grille is designed to allow easy coil cleaning.

EXCEPTIONAL PEACE OF MIND

Our No Hassle Replacement™ limited warranty backs every Heil QuietComfort Series packaged system. It means comfort with no questions. We'll replace your unit if the compressor or condenser coil fails within the covered period.* This provides extra coverage in addition to a 10-year parts limited warranty.**

QUIETCOMFORT SERIES HEAT PUMPS

Heil packaged heat pumps can deliver cool relief from soaring outdoor temperatures and efficient, warm indoor comfort when the outside air turns cooler. From our exceptionally quiet and humidity-controlling two-stage models, to our single-stage dual-fuel models, Heil offers a solution for year-round comfort during the warm and cool seasons. Regardless of which model is right for you, we have a heat pump for every home.
