CONDITIONS:

The Limited Warranty only applies if the following conditions are met:

1. If the original installation date cannot be verified, then the warranty period begins ninety (90) days from the date of product manufacture (as indicated by the model and serial number). Where a product is installed in a newly constructed home, the date of installation is the date the original homeowner purchased the home from the builder.
2. The remainder of the first (1st) year of the (other parts) warranty is transferable to subsequent owners, but such coverage terminates on the one (1) year anniversary of the original installation of the product.
3. The remainder of the first five (5) years of heating elements warranty may be transferred to subsequent owners. Such coverage terminates on the five (5) year anniversary of the original installation of the product.
4. Proof of purchase may be required at time of service.
5. The unit must be installed, and warranty work must be performed, by a licensed dealer or contractor.
6. The unit must be installed in accordance with ICP's installation instructions and in compliance with local codes. Improper installation may endanger the occupants of the dwelling or damage the product.
7. The unit must be operated in accordance with ICP's owner's manual provided with each unit. The product must not be misused.
8. The unit's rating plate must not be removed or defaced.
9. Proof must be supplied that the equipment has been properly maintained over the life of the warranty, i.e., a minimum of once-a-year maintenance.

11. Warranties apply only to products installed in their original installation location.
12. Defective parts must be returned to the distributor through a servicing dealer for credit.
13. The limited warranty period for all accessories is one (1) year from the date of installation and is not transferable.

LIMITATIONS OF WARRANTIES – All implied warranties (and implied conditions in Canada) including implied warranties or conditions of merchantability and fitness for a particular use or purpose are limited in duration to the period for which the limited warranty is given and applies. Some states or provinces do not allow limitations on how long an implied warranty or condition lasts, so this limitation may not apply to you. The express warranties made in this warranty are exclusive and may not be altered, enlarged, or changed by any distributor, dealer, or other person, whatsoever.

THIS WARRANTY DOES NOT COVER:

1. Labor or other costs incurred for diagnosing, repairing, removing, installing, shipping, servicing, or handling of either failed parts, or replacement parts, or new units.
2. Normal maintenance as outlined in the installation and servicing instructions or owner's manual including coil cleaning, filter cleaning and/or replacement, and lubrication.
3. Damage or repairs required as a consequence of improper shipping or handling, faulty installation, misapplication, abuse, improper servicing, unauthorized alteration, and/or improper operation.
4. Failure to start or damages due to voltage conditions, blown fuses, open circuit breakers, or the inadequacy, unavailability, or interruption of electrical, internet service provider, or mobile device carrier service or your home network.
5. Failure or damage as a result of floods, winds, fires, lightning, accidents, corrosive environments (except for coastal rated units in coastal environments), rust and wear, or other conditions beyond the control of ICP.
6. Parts not supplied or designated by ICP, or damages resulting from their use.
7. Electricity or fuel costs or increases in electricity or fuel costs from any reason whatsoever including additional or unusual use of supplemental electric heat.
