International Comfort Products, LLC (“ICP”) warrants this product against failure due to defect in materials or workmanship under normal use and maintenance as follows. All warranty periods begin on the date of original installation and are for the duration, in years, listed below. If a part fails due to defect during the applicable warranty period ICP will provide a new or remanufactured part, at ICP’s option, to replace the failed defective part at no charge for the part. Alternatively, and at its option, ICP will allow a credit in the amount of the then factory selling price for a new equivalent part toward the retail purchase price of a new ICP product. Except as otherwise stated herein, those are ICP’s exclusive obligations under this warranty for a product failure. All warranties in this document are subject to all provisions, conditions, limitations and exclusions listed below and on the reverse of this document.

OWNER-OCCUPIED SINGLE FAMILY RESIDENTIAL APPLICATIONS

This warranty is to the original purchaser. The duration of the warranty, in years, is as listed in the table below. Only the first twenty years of heat exchanger coverage and the first five years of “other parts” coverage are transferable, and only as stated below and in the Conditions on the reverse.

No Hassle Replacement™ limited warranty – Available on qualifying models only, see chart below for list of covered models and duration of warranty. Available to original purchaser in owner-occupied single family residential applications only, and is non-transferable. If the heat exchanger fails due to defect during the applicable No Hassle Replacement limited warranty time period, a one-time replacement with a comparable ICP unit will be provided. This unit replacement warranty is in addition to the standard parts warranty. Proof of purchase and installation date will be required. No Hassle limited warranty replacements are subject to review and verification by an ICP representative. The remaining balance of the original unit’s standard warranty will be transferred to the replacement unit. This limited warranty is subject to all provisions, conditions, limitations and exclusions listed below and on the reverse of this document.

CONDITIONS:

The Limited Warranty only applies if the following conditions are met:

Where a product is installed in a newly constructed home, the date of installation is the date the original homeowner purchased the home from the builder.
3. The remainder of the first five years of parts warranty is transferable to subsequent owners, but such coverage terminates on the 5 year anniversary of the original installation of the product.
