

Airquest® Packaged Heating & Cooling Systems

QuietComfort® Series
PDS4/PGR5/PGS4/PHR5/PHD4/PAR5/PAD4

Performance Series
PDD4/PGD4/PHD4/PAD4

Built with strength

When you choose Airquest® heating and cooling equipment, it means your home comfort is backed by superior engineering and quality manufacturing so you can enjoy more important things. Each unit is 100% run tested, and we design our products to give you the exceptional quality, energy efficiency and reliability. We deliver products that deliver home comfort you can enjoy with confidence.

Backed by exceptional warranties

Our No Hassle Replacement™ limited warranty backs every Airquest QuietComfort® Series packaged system. It means comfort with no questions. We'll replace your unit if the compressor, heat exchanger or condenser coil fails within the covered period.* This provides extra coverage in addition to a 10-year parts limited warranty.**

QuietComfort Packaged Series

The QuietComfort Packaged Product Series offers extreme comfort in every season, from high-efficiency to budget-friendly options with single- and two-stage heating and cooling, as well as efficient blower motors that deliver quiet comfort.

* See No Hassle Replacement limited warranty certificate for complete details and exclusions.

** To the original owner, Airquest products are covered by a 10-year parts limited warranty upon timely registration. The limited warranty period is 5 years if not registered within 90 days of installation except in jurisdictions where warranty benefits cannot be conditioned upon registration. See warranty certificate for complete details.

What is a packaged system?

Airquest packaged all-in-one units are designed for durability and comfort. The units stay enclosed outside or on a roof and come in a variety of combinations: dual fuel gas furnace/heat pump, gas furnace/air conditioner, electric heat pump and electric air conditioner.

What matters in a packaged system?

Get the most out of a packaged system by choosing the product that fits your comfort needs. All of our packaged products include comfort enhancing and durable features to deliver lasting performance. For the ultimate of comfort, look for two-stage heating or cooling operation. Our toughest units feature wire hail guard grilles, tin-plated copper evaporator coil tubing, and stainless steel heat exchangers (in gas heating units). And our No Hassle Replacement limited warranty is offered on our premium products to give you peace of mind.* Airquest packaged units offer energy efficiency, increased comfort, durable performance and quiet operation.

Packaged efficiency ratings – what do they mean?

Seasonal Energy Efficiency Ratio (SEER) – Measures the cooling efficiency of air conditioners and heat pumps during an average cooling season. The higher the SEER, the greater the energy economy.

Heating Seasonal Performance Factor (HSPF) – Measures the heating efficiency of heat pumps. The higher the HSPF, the greater the efficiency and energy savings potential during heat pump heating.

Energy Efficiency Rating (EER) – Measures the cooling efficiency of air conditioners and heat pumps during a set temperature (95° F).

Annual Fuel Utilization Efficiency (AFUE) – Measures the heating efficiency of a gas furnace. The higher the AFUE, the greater the gas heating efficiency and energy savings potential.

ENERGY STAR® – A U.S. Environmental Protection Agency program to identify and promote energy-efficient products in order to reduce energy consumption.

For California Residents:

For installation in SCAQMD only: Models PDS4, PGR5, PGS4, PGD4 and PDD4 do not meet the SCAQMD Rule 1111 14 ng/J NOx emission limit, and thus are subject to a mitigation fee of up to \$450. These products are not eligible for the Clean Air Furnace Rebate Program: www.CleanAirFurnaceRebate.com.

QUIETCOMFORT® SERIES ★★★★★

10 YEAR LIMITED WARRANTY PARTS
Timely registration required. See warranty certificate for details and restrictions.

NO HASSLE REPLACEMENT
Timely registration required. See warranty certificate for details and restrictions.

High-efficiency multi-speed ECM blower motor

5-year No Hassle Replacement™ *

PAR5 QuietComfort® 16 Packaged Air Conditioner

- Up to 16 SEER/12.5 EER cooling efficiency
- Two-stage cooling for the best temperature control and dehumidification

Select Models

PGR5 QuietComfort® 15 Packaged Gas Furnace/ Air Conditioner

- Up to 81% AFUE heating efficiency
- Up to 16 SEER/12.5 EER cooling efficiency
- Two-stage heating for the best temperature control and dehumidification

Select Models

10 YEAR LIMITED WARRANTY PARTS
Timely registration required. See warranty certificate for details and restrictions.

NO HASSLE REPLACEMENT
Timely registration required. See warranty certificate for details and restrictions.

Efficient single-stage scroll compressor

3-year No Hassle Replacement™ *

PAD4 QuietComfort® 14 Packaged Air Conditioner

- Up to 14.5 SEER/11.5 EER cooling efficiency
- Multi-speed ECM blower motor for improved temperature control and dehumidification

PGS4 QuietComfort® 14 Packaged Gas Furnace/ Air Conditioner

- Up to 81% AFUE heating efficiency
- Up to 14 SEER/12 EER cooling efficiency
- Multi-speed ECM blower motor for improved temperature control and dehumidification

PERFORMANCE SERIES ★★★★★

10 YEAR LIMITED WARRANTY PARTS
Timely registration required. See warranty certificate for details and restrictions.

10-year parts limited warranty (upon timely registration) **

PAD4 Performance 14 Packaged Air Conditioner

- Up to 14 SEER/11.5 EER cooling efficiency
- Multi-speed blower motor for improved temperature control and dehumidification

PGD4 Performance 14 Packaged Gas Furnace/ Air Conditioner

- Up to 81% AFUE heating efficiency
- Up to 14 SEER/11.5 EER cooling efficiency
- Multi-speed blower motor for improved temperature and dehumidification
- Cost-saving single-stage gas valve

QUIETCOMFORT® SERIES ★★★★★

10 YEAR LIMITED WARRANTY PARTS
Timely registration required. See warranty certificate for details and restrictions.

NO HASSLE REPLACEMENT
Timely registration required. See warranty certificate for details and restrictions.

Two-stage heating and cooling for the best temperature control and dehumidification

5-year No Hassle Replacement™ *

PHR5 QuietComfort® 15 Packaged Heat Pump

- Up to 15.5 SEER/12.5 EER cooling efficiency
- Up to 8.5 HSPF heating efficiency
- High-efficiency multi-speed ECM blower motor

For packaged heat pumps, with advanced dehumidification variable-speed blower option, you gain maximum comfort with better summer humidity control and more consistent air temperatures along with quieter operation. Less humidity means you'll feel cooler at slightly warmer temperatures.

10 YEAR LIMITED WARRANTY PARTS
Timely registration required. See warranty certificate for details and restrictions.

NO HASSLE REPLACEMENT
Timely registration required. See warranty certificate for details and restrictions.

Multi-speed ECM blower motor for improved temperature and dehumidification

3-year No Hassle Replacement™ *

PHD4 QuietComfort® 14 Packaged Heat Pump

- Up to 14.5 SEER/12 EER cooling efficiency
- Up to 8.0 HSPF heating efficiency
- Efficient single-stage scroll compressor

PDS4 QuietComfort® 14 Packaged Gas Furnace/ Heat Pump

- Up to 81% AFUE gas heating efficiency
- Up to 14.5 SEER/12 EER cooling efficiency
- Up to 8.0 HSPF electric heating efficiency
- Dual fuel energy-wise capable with choice of energy-saving gas or electric heat pump heating
- Efficient single-stage gas valve

PERFORMANCE SERIES ★★★★★

10 YEAR LIMITED WARRANTY PARTS
Timely registration required. See warranty certificate for details and restrictions.

10-year parts limited warranty (upon timely registration) **

PHD4 Performance 14 Packaged Heat Pump

- Up to 14.5 SEER/12 EER cooling efficiency
- Up to 8.0 HSPF heating efficiency
- Multi-speed ECM blower motor
- Efficient single-stage scroll compressor

PDD4 Performance 14 Packaged Heat Pump/ Gas Furnace

- Up to 14.5 SEER/12 EER cooling efficiency
- Up to 8.0 HSPF heat pump heating efficiency
- Up to 81% AFUE gas heating efficiency
- Multi-speed ECM blower motor
- Efficient single-stage scroll compressor
- Cost-saving single-stage gas valve

Many models are ENERGY STAR® qualified. Ask your contractor for details or visit www.energystar.gov.

* See No Hassle Replacement limited warranty certificate for complete details and exclusions.

** Timely registration required for 10-year parts limited warranty and lifetime heat exchanger limited warranty. Limited warranty period is 5 years for parts and 20 years for heat exchanger if not registered within 90 days of installation except in jurisdictions where warranty benefits cannot be conditioned upon registration. Please see warranty certificate for further details and restrictions.

IMPORTANT NOTE: All QuietComfort® small packaged systems have either a TP or GP in the 11th and 12th position of the model number, representing the tin-coated copper evaporator coil (main tubes) feature. All QuietComfort gas/electric or dual fuel models also use an S or an R in the 3rd position of the model number, representing the stainless steel heat exchanger feature. See warranty certificate for further details.

All systems tested and listed by the appropriate agencies.
