SEER

Save indoor space.

Get the advantages of heating and cooling in one packaged unit that's compact and easy to install on the ground or rooftop.

The efficiency and durability of these systems are outstanding because they're built with top-line components. The Copeland Scroll® compressor is the industry's proven choice for cooling performance. The pre-painted steel cabinet is designed with a rust-resistant base and protective covering for the copper tubing and copper/aluminum coils to withstand extreme outdoor conditions. The high efficiency earns the ENERGY STAR® to assure you of getting the most for your energy dollars.

Air Conditioner

Get worry-free warranties.

Every KeepRite unit is backed by exceptional warranties, including our No Hassle Replacement™ limited warranty*, which gives you a replacement unit if the compressor or outdoor coil should fail within the first year.

You also get up to a 10 year[§] parts and compressor limited warranty.* And don't forget to ask your dealer about HELP® extended service agreements for additional worry-free protection for parts and labor coverage.

Action required. Please see warranty certificate for details.

Action required. Please see warranty certificate for details.

1. Copper/aluminum coils and quality copper tubing with TVX for proper flow of refrigerant.
2. High- and low-pressure switches to protect system.
3. X-13 indoor blower motor provides efficient airflow.
4. Copeland Scroll® compressor requires no pistons and few moving parts to give you quiet operation along with efficiency.

AIR CONDITIONERS AND HEAT PUMPS

PAD4 Packaged Air Conditioner

- Energy-efficient up to 14.5 SEER[†] rating
- 1 year No Hassle Replacement™ limited warranty*
- 10 year[§] parts and compressor limited warranty*

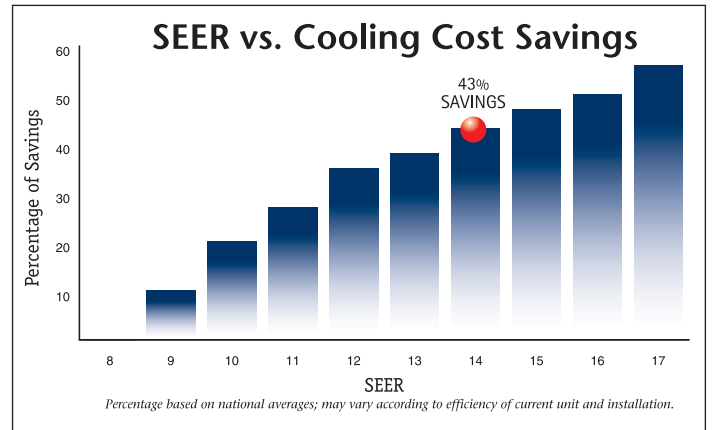

PHD4 Packaged Heat Pump also includes:

- Energy-efficient 8.0 HSPF[†] rating
- Solid state time/temperature defrost for heating comfort and efficiency

[†]SEER stands for Seasonal Energy Efficiency Ratio and HSPF stands for Heating Seasonal Performance Factor.

*See published warranty for complete details. To learn more about all of these limited warranties, including the No Hassle Replacement limited warranty, go to KeepRite.com.

[§]Subject to conditions. Ten year warranty requires timely registration. See detailed additional information on back page and Warranty Certificate at KeepRite.com for complete details.

The Copeland Scroll® compressor requires no pistons and few moving parts to give you quiet operation along with efficiency and reliability.

R410A is an EPA-approved, environmentally sound refrigerant.

5. Control panels allow for quicker, easier service access.

6. Rugged pre-painted steel cabinet, full perimeter metal-base rails, and wire grilles to protect the coil.

7. The advanced electronic integrated defrost control switches quietly from cooling to heating—and keeps coils more efficient during operation. (Heat Pump only)

[†] This product has been designed and manufactured to meet ENERGY STAR® criteria for energy efficiency when matched with appropriate coil components. However, proper refrigerant charge and proper airflow are critical to achieve rated capacity and efficiency. Installation of the product should follow the manufacturer's refrigerant charging and airflow instructions. Failure to confirm proper charge and airflow may reduce energy efficiency and shorten equipment life. Ask your contractor for details or visit www.energystar.gov.

[▲] This KeepRite product carries a ten (10) year limited warranty on parts, including compressor and coils, to original homeowner if installed in an owner-occupied, single-family residence and properly registered within ninety (90) days after original installation. Otherwise, the parts warranty period is five (5) years from the date of installation. Heat exchangers may carry longer limited warranty coverage that applies to original homeowners with timely registration. (See Warranty Certificate for registration instructions. Registration not required in all jurisdictions.)
