About Day & Night[®]

DAY & NIGHT[®] — QUALITY PERFORMANCE FOR YEAR-ROUND COMFORT

Day & Night[®] is the trusted HVAC brand for delivering comfort every hour of every season. Our heating and cooling systems are backed by superior engineering and manufacturing to ensure the best quality, energy efficiency and dependability.

As a Day & Night[®] dealer, you rely on high-quality, affordable products for cost-conscious, smart homeowners; products that help you stay competitive and reinforce your reputation. So we've teamed up with Midea to expand our innovation and offer the best ductless systems on the market.

And now we're excited to announce our 2018 ductless lineup! It gives dealers like you an expansive range of products that fit any heating and cooling challenge and need — with any budget.

Our ductless portfolio features and benefits include:

- A full product line with three tiers for both single and multi-zone uses, designed for the North American consumer
- High efficiency and performance (up to 40.0 SEER)
- Wi-Fi[®] connectivity available for all systems
- New consumer features, such as humidity control and occupancy sensors
- Wide operating range to handle any temperature and climate, with especially high-heating performance on our high and mid-tier systems
- Newly redesigned entry tier units with improved heating and cooling operating ranges, along with innovative service and maintenance features
- A new light commercial portfolio with multiple indoor unit styles
- A basepan heater that comes with each heat pump system
- Golden Fin Coating, which increases the life span of the coil by minimizing corrosion, compared to blue fin coating

Those who know Day & Night[®] trust our ability to solve challenges quickly and keep customers happy. We understand what you need to be successful, and we're here to help you offer the greatest value and support.

Ductless systems, or "mini-splits," are a convenient, economical and energyefficient air conditioning and heating solution that can be used in one room or easily expanded to multiple rooms.

DUCTLESS MEANS WHAT IT SOUNDS LIKE, NO DUCTS NEEDED.

Installing or expanding an HVAC system might not always be the best solution for your changing heating and cooling needs. With a ductless system you only need to run small refrigerant linesets from an outdoor unit directly to the indoor unit in rooms you want to heat or cool. Installation is faster, requires less labor and is less disruptive to a home or business.

Ductless systems can also help you avoid costly energy loss by shortening the distance the air has to travel while at the same time giving you more control over the comfort level of your spaces. By setting up and controlling individual zones, homeowners can save money by only heating or cooling rooms that are occupied. With highly efficient Inverter systems and the condenser stationed outside, ductless systems are also a quiet solution.

Day & Night[®] Ductless Systems can be an energy-saving solution for a variety of applications that help customers regain control of their space, including, but not limited to:

- New construction and renovations
- Homes and businesses
- Single or multi-family
- · Primary living areas
- · Rooms that are often too hot or too cold
- · Basements, attics, garages, additions

PERFORMANCE

Easy Installation and Use — A simple and intuitive remote allows users to easily control their unit(s). For installation, an innovative bracket holds the wall unit in place, allowing for easy connection to the refrigeration unit. And for multi-zone installs, there's no need for a branch box, which saves installation effort and costs.

Broad Temperature Range — Our models provide low temperature heating to a frigid -22° F, with up to 89% of rated capacity at -13° F, and cooling even when temperatures reach as high as 122° F.

EFFICIENCY

Low Energy Use — With SEER ratings of 40.0 on our highest tier offering, we have one of the highest efficiency ratings in the world.

ENERGY STAR® Certification — Full Inverter technology in the high tier and mid-tier series not only allows for quieter operation, but also delivers industry-leading efficiency. In fact, 70% of our mid-tier series models are ENERGY STAR® certified.

Washable Filters — Our filters are specifically manufactured for cleaner air quality and reduced allergens. The filtration systems also allow for easy cleaning and replacing.

INNOVATION

Inverter Technology — Unlike traditional compressors that turn on and off multiple times, Day & Night[®] Inverter compressors feature variable power that automatically adjusts the running speed to maintain the desired temperature. That way, a Day & Night[®] unit runs quietly and features significant energy savings.

Wi-Fi[®] **Enablement** — Easy connectivity with an intuitive app allows users to control and monitor our systems across all tiers, from a handheld device, anytime, anywhere.

Flexible Options — We offer several types of indoor unit styles to fit all customer needs and situations. And our versatile outdoor options allow users the ability to leverage just one outdoor unit across up to five indoor units at a time.

A NEW KIND OF COMFORT ZONE.

CONSOLE

72

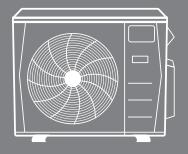

Day & Night[®] Ductless Systems provide an efficient, flexible and customizable heating and cooling solution for a single area of a home or business, or a multi-zone solution to individually manage several different zones using one integrated system of indoor and outdoor units.

> MULTI-ZONE SYSTEM WITH UP TO 5 INDOOR UNITS AND 1 OUTDOOR UNIT

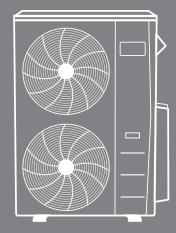

70° F

SINGLE ZONE SYSTEM WITH 1 INDOOR UNIT AND 1 OUTDOOR UNIT

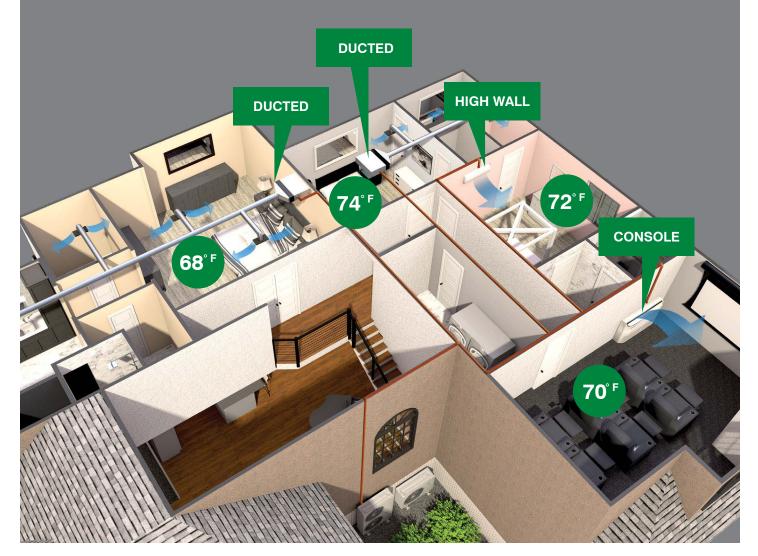

CASSETTE

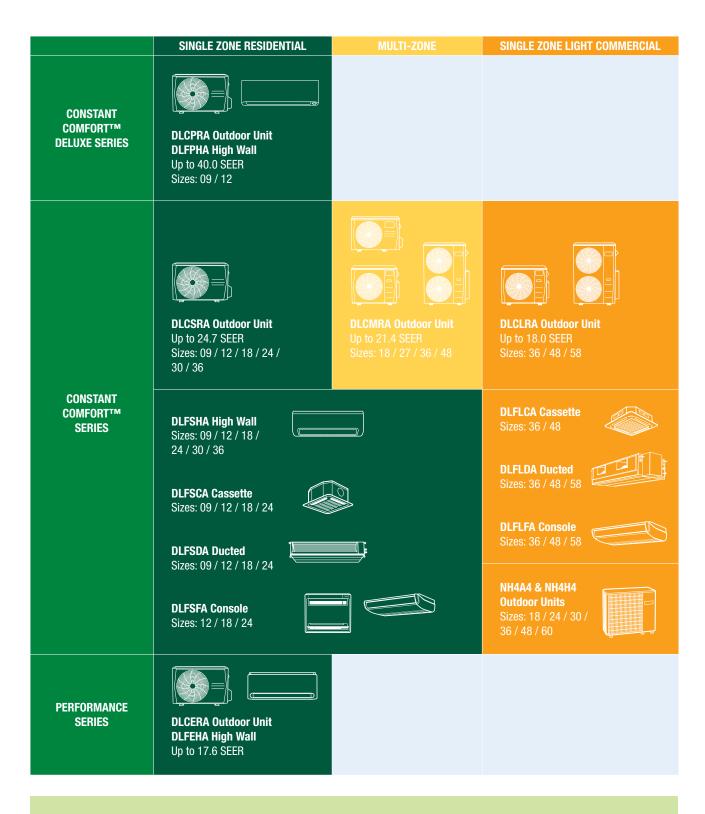

Single zone systems provide comfort for areas with as little as 350 and as much as 3,000 square feet — either small offices or bedrooms, or big living and cooking areas.

Multi-zone systems can connect as many as five indoor units with a single outdoor unit — with comfort all around the house or application, using individual controls for zoning and energy savings.

The Right Product for the Right Application

Introducing our full lineup of ductless systems now with multiple tiers of offerings.

From extremely efficient high tier offerings (our Constant Comfort[™] Deluxe Series), to diverse mid-tier offerings (our Constant Comfort[™] Series), to flexible entry tier offerings (our Performance Series), Day & Night[®] has the products you need to meet any customer need or challenge.

CONSTANT COMFORT™ DELUXE SERIES

DLCPRA OUTDOOR UNIT

OUTDOOR FEATURES

- 100% Heating capacity at 0° F (-17° C)
- 100% Cooling capacity at -22° F (-30° C) without additional kit
- Up to 75% of Heating capacity at -22° F (-30° C)
- Available in 208/230V
- Built-in basepan heater
- Auto-restart function
- Refrigerant leakage detection
- Quiet outdoor operation, as low as 55 dB(A)
- Aluminum Golden Hydrophilic pre-coated fins
- Piping length 98 ft. (30 m.)
- Cooling operating range -22° ~ 122° F (-30° ~ 50° C)
- Heating operating range
 -22° ~ 86° F (-25° ~ 30° C)

COMPATIBLE WITH:

DLFPHA High Wall

(p 17)

A Versatile Outdoor Unit for Precise Temperature Control

Heat Pump with Basepan Heater

Inverter Compressor Up to 40.0 SEER Up to 14.5 HSPF Sizes: 09 / 12 All Systems are ENERGY STAR[®] certified

KEY FEATURES

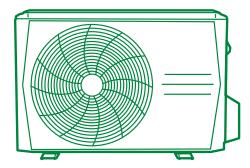

Extra Low Temperature Heating

When it's cold outside, the heat output for this system is up to 75% of rated capacity down to -22° F (-30° C), making this a primary heat source and eliminating the need for a backup heat source.

Stepless Frequency Adjustment

Precise control maintains stable and constant room temperature while reducing sound level and saving energy.

CONSTANT COMFORT™ DELUXE SERIES

DLFPHA HIGH WALL UNIT

INDOOR FEATURES

- Available in 208/230V
- · Relative Humidity Sensor
- Occupancy Sensor
- Modes: Cool, Heat, Dry, Fan, Auto
- Turbo Mode
- Fully modulating fan speeds
- Sleep Mode
- Up-down / right-left louver control (fixed or swing)
- ECO Mode
- Carbon filter
- Follow Me (senses temperature at handheld remote)
- Heating Setback (46° F Heating Mode)
- Quiet indoor operation, as low as 29 dB(A)
- Aluminum Golden Hydrophilic precoated fins
- Up to 40.0 SEER and 14.5 HSPF when paired with DLCPRA outdoor unit

COMPATIBLE WITH:

- DLCPRA Outdoor Unit Single Zone (p 15)
- DLCMRA Outdoor Unit Multi-Zone

Superior Comfort from a Single Energy Efficient Unit

Sizes: 09 / 12

All Systems are ENERGY STAR[®] certified based on outdoor unit pairing

KEY FEATURES

Relative Humidity Sensor

Increase comfort by setting the desired relative humidity in 5% increments in a range of $35\% \sim 85\%$.

Occupancy Sensor

Detects activity in the room and adjusts the horizontal angle of airflow to blow away from people or follow people.

Wi-Fi[®]

Wi-Fi® connectivity is available (see below.)

CONTROLS

Wireless Remote Controller included with indoor unit

Optional Wired Remote Controller KSACN0401AAA (7-Day Programmable)

Wireless Remote Controller Wired Controller (7-Day Programmable) KSACN0401AAA

ACCESSORIES

Wi-Fi® Kit KSAIF0601AAA

CONSTANT COMFORT™ SERIES

DLFSHA HIGH WALL UNIT

INDOOR FEATURES

- Available in 115V and 208/230V
- Up to 24.7 SEER and 11.0 HSPF when paired with the DLCSRA outdoor unit
- Modes: Cool, Heat, Dry, Fan, Auto
- Turbo Mode
- Four fan speeds
- Sleep Mode
- ECO Mode
- Up-down louver control (fixed or swing)
- Follow Me (senses temperature at handheld remote)
- Heating Setback (46° F Heating Mode)
- Quiet indoor operation, as low as 25 dB(A)
- Aluminum Golden Hydrophilic pre-coated fins

COMPATIBLE WITH:

- DLCSRA Outdoor Unit Single Zone
- DLCMRA Outdoor Unit Multi-Zone (p 45)

(p 19)

Built-In Temperature Control for **Ultimate Energy Savings**

Sizes: 09 / 12 / 18 / 24 / 30 / 36

Select sizes are ENERGY STAR[®] certified based on outdoor unit pairing

Wireless Remote

Controller

KEY FEATURES

ECO Mode

The intelligent 8-hour night cycle program saves up to 60% of energy to make it more comfortable at night while sleeping.

Follow Me

Built-in temperature sensor in the Remote Controller will sense its surrounding temperature and adjust the room temperature more accurately to provide greater comfort.

CONTROLS

Wireless Remote Controller included with indoor unit

Optional Wired Remote Controller KSACN0101AAA (Timer Function)

Wired Controller (Timer Function) KSACN0101AAA

DLFSCA CASSETTE

INDOOR FEATURES

- Available in 208/230V
- Up to 22.5 SEER and 12.0 HSPF when paired with DLCSRA outdoor unit
- Modes: Cool, Heat, Dry, Fan, Auto
- Auto-restart function
- Louver control (fixed or swing)
- Three fan speeds
- · Outside air intake
- · Built-in condensate lift pump
- Follow Me (senses temperature at handheld remote)
- Heating Setback (46° F Heating Mode)
- Quiet indoor operation, as low as 27 dB(A)
- Aluminum Golden Hydrophilic pre-coated fins
- Grille/ceiling panel 2' x 2' sizes
 09 to 18 KSALG0101AAA
- Grille/ceiling panel 3' x 3' size
 24 P/N KSALG0201AAA

COMPATIBLE WITH:

- DLCSRA Outdoor Unit Single Zone (p 19)
- DLCMRA Outdoor Unit Multi-Zone (p 45)

Maximum Flexibility for Optimal Comfort Control

Sizes: 09 / 12 / 18 / 24

Select sizes are ENERGY STAR[®] certified based on outdoor unit pairing

KEY FEATURES

Built-In Condensate Lift Pump

The Cassette is supplied with a condensate lift pump that is capable of lifting the water 29.5 in. (750 mm.) above the top of the unit.

Integrated Electrical Components

Easy maintenance with the circuit box inside the unit, provides a more compact size for easier installation.

CONSTANT COMFORT™ SERIES

DLFSDA DUCTED

INDOOR FEATURES

- Available in 208/230V
- Up to 22.5 SEER and up to 12.0 HSPF when paired with DLCSRA outdoor unit
- Modes: Cool, Heat, Dry, Fan, Auto
- Vertical or horizontal installation
- Up to 0.64 in WG
- Rear or bottom return
- Variable CFM Operation
- Built-in condensate lift pump
- Follow Me (senses temperature at handheld remote)
- Heating Setback (46° F Heating Mode)
- Quiet indoor operation, as low as 30 dB(A)
- Aluminum Golden Hydrophilic pre-coated fins

COMPATIBLE WITH:

 DLCSRA Outdoor Unit Single Zone

(p 19)

(p 45)

 DLCMRA Outdoor Unit Multi-Zone

Flexible Installation & Increased Air Circulation

Sizes: 09 / 12 / 18 / 24

Select sizes are ENERGY STAR[®] certified based on outdoor unit pairing

KEY FEATURES

Vertical or Horizontal Installation

Designed for maximum installation flexibility with the built-in secondary drain pan, which allows the unit to be mounted vertically for either a floor- or ceiling-concealed installation depending on existing conditions.

Built-In Condensate Lift Pump

Supplied with a condensate lift pump that is capable of lifting the water a maximum of 29.5 in. (750 mm.) above the top of the unit.

CONTROLS

Wireless Remote Controller included with indoor unit

CONSTANT COMFORT™ SERIES

DLFSFA CONSOLE

INDOOR FEATURES

- Available in 208/230V
- Up to 22.5 SEER and 12.0 HSPF when paired with DLCSRA outdoor unit
- Modes: Cool, Heat, Dry, Fan, Auto
- Auto-restart function
- Size 12 capable of being mounted on floor only
- Sizes 18-24 capable of being mounted on floor or ceiling
- Louver control (fixed or swing)
- Three fan speeds
- Air discharge from top and bottom (size 12 only)
- Follow Me (senses temperature at handheld remote)
- Heating Setback (46° F Heating Mode)
- Quiet indoor operation, as low as 34 dB(A)
- Aluminum Golden Hydrophilic pre-coated fins

COMPATIBLE WITH:

- DLCSRA Outdoor Unit Single Zone (p 19)
- DLCMRA Outdoor Unit Multi-Zone (p 45)

A Single Console for Optimized Heating & Cooling

Sizes: 12 / 18 / 24

Select sizes are ENERGY STAR[®] certified based on outdoor unit pairing

KEY FEATURES

2-Way Optional Air Outlet

For up and down air-outlet or up air-outlet. Only on size 12.

Outside Air Intake

Outside air can be brought into the room through the connection available on the indoor unit, which helps meet the ventilation requirement. Only on sizes 18-24.

CONTROLS

PERFORMANCE SERIES

DLCERA OUTDOOR UNIT

OUTDOOR FEATURES

- · Cost-competitive
- Available in 115V and 208/230V
- Built-in basepan heater on heat
 pump units
- Auto-restart function
- Condenser high-temperature protection
- Refrigerant leakage detection
- Quiet outdoor operation, as low as 52 dB(A)
- Aluminum Golden Hydrophilic pre-coated fins
- Piping length 82 ~ 164 ft. (25-50 m.)
- Cooling operating range 0° ~ 22° F (-17° ~ 50° C)
- Heating operating range 0° ~ 86° F (-17° ~ 30° C)

COMPATIBLE WITH:

- DLFEHAA High Wall Cooling Only
- DLFEHAH High Wall
 Heat Pump

(p 38)

(p 39)

A Cost-Effective Outdoor Unit for **Superior Heating** & **Cooling**

Cooling Only – DLCERAA Heat Pump with Basepan Heater – DLCERAH

Inverter Compressor Up to 17.6 SEER Up to 10.6 HSPF Sizes: 09 / 12 / 18 / 24

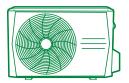

KEY FEATURES

Cost-Effective Solution

An economical choice that can provide comfort when you need it.

Rapid Cooling & Heating

After start-up, the compressor quickly gets up to maximum speed, cooling or heating the room in minutes.

MULTI-ZONE

DLCMRA Outdoor Unit Up to 21.4 SEER Sizes: 18 / 27 / 36 / 48

CONSTANT COMFORT™ SERIES

DLCMRA OUTDOOR UNIT

OUTDOOR FEATURES

- Available in 208/230V
- Connect 2 5, multiple style indoor units
- Built-in basepan heater
- Quiet outdoor operation, as low as 62 dB(A)
- Aluminum Golden Hydrophilic pre-coated fins
- Total piping length 131~328 ft. (40 ~ 100 m.)
- Vertical lift/prop piping length 49~65 ft. (15 ~ 20 m.)
- Cooling operating range -13° ~ 122° F (-25° ~ 50° C
- Heating operating range -22° ~ 86° F (-30° ~ 30° C)

COMPATIBLE WITH:

| DLFPHA High Wall | (p 17) |
|------------------|--------|
| DLFSHA High Wall | (p 23) |

DLFEHA High Wall (p 37)

(p 27)

(p 29)

- DLFSCA Cassette (p 25)
- DLFSDA Ducted
- DLFSFA Console

A Multi-Zone Outdoor Unit for **Flexibility** & **Control**

Heat Pump with Basepan Heater

Inverter Compressor

Up to 21.4 SEER

Up to 10.8 HSPF

Sizes: 18 / 27 / 36 / 48

Select Systems are ENERGY STAR® certified based on indoor combinations

KEY FEATURES

Space Saving Installation

Up to five indoor units can be connected to a single outdoor unit, reducing the number of outdoor units required. All indoor units can be individually controlled and do not need to be installed at the same time.

Multiple Indoor Unit Styles

Flexibility on the options of indoor unit styles to fit any application or need.

CONSTANT COMFORT™ SERIES

DLCLRA OUTDOOR UNIT

OUTDOOR FEATURES

- Available in 208/230V
- Built-in basepan heater
- Condenser high-temperature protection
- Refrigerant leakage detection
- Quiet outdoor operation, as low as 62.5 dB(A)
- Aluminum Golden Hydrophilic pre-coated fins
- Piping length 213 ft. (65 m.)
- Cooling operating range
- Heating operating range
 -22° ~ 86° F (-30° ~ 30° C)

COMPATIBLE WITH:

- DLFLCA Cassette (p 55)
- DLFLDA Ducted (p 57)
- DLFLFA Console (p 59)

A Light Commercial Outdoor Unit for Improved Performance

Inverter Compressor Up to 18.0 SEER Up to 11.5 HSPF Sizes: 36 / 48 / 58

KEY FEATURES

Longer Piping Lengths

Piping flexibility up to a total piping length of 213 ft. (65 m.).

Low Ambient Cooling Kit

With a built-in Low Ambient Cooling Kit or specially designed PCB, outdoor fan speeds can be changed automatically based on the temperature. The unit can run cooling operation even in low ambient temperatures.

CONSTANT COMFORT™ SERIES

DLFLCA CASSETTE

INDOOR FEATURES

- Available in 208/230V
- Up to 17.5 SEER and 11.0 HSPF when paired with DLCLRA outdoor unit
- Modes: Cool, Heat, Dry, Fan, Auto
- Auto-restart function
- Louver control (fixed or swing)
- Three fan speeds
- Outside air intake
- Built-in condensate lift pump
- Follow Me (senses temperature at handheld remote)
- Heating Setback (46° F Heating Mode)
- Quiet indoor operation, as low as 49 dB(A)
- Aluminum Golden Hydrophilic pre-coated fins
- Grille/ceiling panel 3' x 3' P/N KSALG0201AAA

COMPATIBLE WITH:

 DLCLRA Outdoor Unit Single Zone

(p 51)

Optimal Air Distribution & Light Commercial Comfort Control

Sizes: 36 / 48

KEY FEATURES

Built-In Condensate Lift Pump

The Cassette is supplied with a condensate lift pump that is capable of lifting the water 29.5 in. (750 mm.) above the top of the unit.

360° Air Flow Panel

With the 360° air flow panel, air is distributed to every corner of the room.

CONSTANT COMFORT™ SERIES

DLFLDA DUCTED

INDOOR FEATURES

- Available in 208/230V
- Up to 18.0 SEER and 11.5 HSPF when paired with DLCLRA outdoor unit
- Modes: Cool, Heat, Dry, Fan, Auto
- Vertical (sizes 36 & 48) or horizontal installation
- Up to 0.8 in WG
- Rear or bottom return (sizes 36 & 48)
- Constant CFM operation on sizes 36 & 48 only
- Built-in condensate lift pump
- Follow Me (senses temperature at handheld remote)
- Heating Setback (46° F Heating Mode)
- Quiet indoor operation, as low as 38.5 dB(A)
- Aluminum Golden Hydrophilic pre-coated fins

COMPATIBLE WITH:

 DLCLRA Outdoor Unit Single Zone

Maximum Flexibility & Light Commercial Performance

Sizes: 36 / 48 / 58

KEY FEATURES

Vertical or Horizontal Installation

Designed for maximum installation flexibility with the built-in secondary drain pan, which allows the unit to be mounted vertically for either a floor- or ceiling-concealed installation depending on existing conditions for sizes 36 and 48 only.

Built-In Condensate Lift Pump

Supplied with a condensate lift pump that is capable of lifting the water 29.5 in. (750 mm.) above the top of the unit.

CONSTANT COMFORT™ SERIES

NH4A4 & NH4H4 OUTDOOR UNITS

OUTOOR FEATURES

- Available in 208/230V-1, 208/230V-3 and 460V-3
- All-steel cabinet construction
- Mesh coil guard
- Quiet outdoor operation, as low as 66 dB(A)
- Piping length up to 250 ft. (76.2 m.)
- Small footprint
- Single-stage compressor operation
- Narrow cabinet design
- Cooling operating range
 -20° ~ 125° F (-28° ~ 52° C)
 (w/ Low Ambient Kit)
- Heating operating range $17^{\circ} \sim 75^{\circ}$ F (-8° $\sim 24^{\circ}$ C)

COMPATIBLE WITH:

- Fan Coils
- A-Coils

A Versatile Outdoor Unit with a Small Footprint That's **Built to Last**

Fixed Speed Compressor

14.0 SEER 8.2 HSPF Sizes: 18 / 24 / 30 / 36 / 48 / 60

KEY FEATURES

Longer Total Equivalent Piping Length Piping flexibility for a total equivalent piping length up to 250 ft. (76 m.).

Low Ambient Cooling With Low Ambient Kit

With the Low Ambient Kit, the outdoor fan speeds can be changed automatically based on the temperature so the unit can run cooling operation down to -20° F (-28° C).

ACCESSORIES

Wind Baffle NASA00201WB, NASA00301WB, NASA00401WB

Low Ambient Kit NASA401LA

Wall Mounting Kit NASA00101WM, NASA00201WM

At Day & Night[®], we know that you work hard to uphold your reputation as a trusted dealer and expert in your market. **And that you must consistently offer innovative, efficient, high-performing products and services to keep customers happy and stay competitive.**

Essentially, we know what you need to be successful and we aim to create the best experience possible for you. That's why we provide all our dealers with top-notch factory support and team up with distributors to provide the tools needed for success, including:

Training on ductless systems

Dealer loyalty programs and incentives

A dealer locator tool to help drive leads

Educational and sales resources

It's all part of our commitment to helping you succeed and offer the greatest value and support to your customers.

NEED ASSISTANCE? WE'RE HERE FOR YOU!

Standard Features Glossary

24-Hour Timer

Set the unit to start and stop automatically in a 24-hour period.

Air Flow Panel

360° air outlet creates a soft and gentle air flow, which circulates throughout the whole space and provides an even temperature distribution in the room.

Auto Defrosting

Prevents the evaporator from freezing and maintains dehumidifying effect in low temperature environments.

Auto Restart Function

If the air conditioner shuts off unexpectedly due to a power outage, it will restart with the previous settings automatically when the power resumes.

Built-In Basepan Heater

A heating belt is fitted on the base plate of the outdoor unit to prevent water accumulation, which improves heat transfer efficiency.

Built-In Condensate Lift Pump

A powerful, built-in drain pump can lift the condensing water up to 29 inches.

Control Box Inside the Cassette

Easy maintenance with the box right inside the Cassette indoor unit. The integrated design provides a more compact size for easier installation.

Convenient Temperature Controls

An intuitive, easy-to-use remote control displays temperature and other functions on a bright, clear LCD screen.

Convertible Return Air Inlet

The air inlet can be installed either at the back or bottom of the Ducted unit, allowing for flexible installation to meet the need of each job.

Crankcase Heater

A heating belt is fitted on the compressor to prevent frosting water accumulation, which improves heat transfer efficiency.

Diamond Outdoor Unit Design

An innovative outdoor unit reduces noise level by more than 3 dB(A), with higher reliability, easier maintenance and improved performance.

Eco Mode

Provides the ultimate energy savings and a comfortable sleeping environment with an intelligent eight-hour night cycle program that saves up to 60% of energy.

Extra Low Temperature Heating

When it's cold outside, it's warm inside. High Tier and Mid-Tier Ductless Systems can be used as a primary heat source, with heat output down to -22° F.

Follow Me

A temperature sensor built-in the Remote Controller will sense its surrounding temperature. The unit will adjust the room temperature more accurately to give you comfort.

Golden Fin Anti-Corrosive Coating

An anti-corrosive coating on the condenser stands up to harsh weather, salty air and the elements, preventing build-up of corrosive mold and bacteria while improving heat transfer efficiency.

High Ambient Cooling

The indoor space can be cooled to a desired, comfortable indoor temperature, even when outside temperatures reach up to 122° F.

High Heating Operation

The High Tier and Mid-Tier systems can be a primary heat source, with high Heating down to -22° F, so when it's cold outside, it's warm inside.

Independent Vane Control

Air flow direction from individual outlets can be controlled separately to achieve the optimal air flow based on a room's configuration.

Inverter Technology

With the Inverter, the outdoor unit uses only the energy required to meet the desired temperature requirements of the indoor unit, thus lowering electric bills.

Louver Position Memory

A horizontal louver will automatically move to the same position that was set the last time the unit was on.

Low Ambient Cooling

Even when it's cold outside, but warm inside, the air conditioner will keep the area cool — perfect for server rooms and commercial kitchens.

Refrigerant Leak Detection

The indoor unit shows error code "EC" and stops automatically when refrigerant leakage is detected. This protects the compressor from high temperature damage due to refrigerant leakage.

Single and Multi-Zone Compatible

A single zone outdoor unit can be paired with any indoor unit type One multi-zone unit can be leveraged for up to five indoor units of any style.

Sleep Mode

This function enables the system to automatically increase cooling or decrease heating by around four degrees for the first two hours, then holds steady for the next five hours. After that, it will switch off. This function achieves both energy savings and comfort at night.

Stepless Frequency Adjustment

Precise control maintains a stable and constant room temperature while reducing the sound level and saving energy.

Two-Way Draining

Connections, piping and drainage can be installed from both the left and right on the High Wall.

Universal Matching

Get maximum flexibility with up to five different indoor units connected to one outdoor unit. Maintain a different temperature in each room for ultimate comfort, with the best indoor unit choice for each. Universal matching units are also available for single zone outdoor units. One outdoor unit can match any type of indoor unit.

Wired Remote Controller

Compared to an infrared remote controller, a Wired Controller can be fixed on the wall and makes air conditioner operation more convenient for larger setups or Ducted units. Notes
