

TRU-Tech & TRU-View

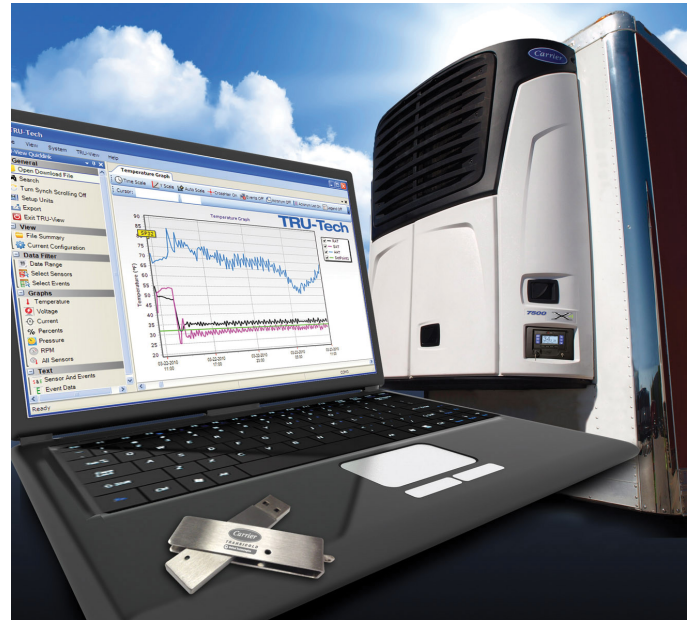

**Smarter Control.
Simplified Analysis & Reporting.**

TRU-Tech & TRU-View Integrated Application

- Improved technician access via direct connection to Carrier Units
- Fast microprocessor setup
- New monitor screens for enhanced diagnostics
- Improved IntelliSet™ interface for commodity profiling and fuel savings
- Read/Write to PC Cards and APX™ USB Flash Drives

TRU-View

- Provide documentation of temperature maintenance
- Share reports in PDF and Excel formats for easy emailing
- Analyze and evaluate reefer performance history
- Track alarm history, setpoint and setting changes, operating modes, engine hours, fuel usage
- Analyze IntelliSet performance

Specifications

12-00814-40	TRU-Tech / TRU-View PC Software
12-00814-41	TRU-View PC Software

Accessory Matrix – TRU-Tech/TRU-View Cables & Adapters

Application	Part Number	Device	Summit w/DataLink	Summit	Advance	APX
Connect a PC with a serial port to unit	22-01737-00	DB-9 serial port to round 5-pin Deutsch download cable (6 ft.)	X		X	
Connect a PC with a serial port to unit	22-01737-04	DB-9 serial port to round 5-pin Deutsch download cable (20 ft.)	X		X
