

TRU BATTERY PROTECTION

**BATTERY PEACE OF MIND WITH
A SOLAR POWERED BOOST**

TRU BATTERY PROTECTION

There's a new edge to Carrier Transicold's BluEdge™ service platform: TRU Battery Protection. This enhanced coverage provides industry-leading support for your Carrier Transicold transport refrigeration unit (TRU) PowerRush™ battery when supplemented with a Carrier Transicold solar charging system under a BluEdge Core or Elite service plan.

With TRU Battery Protection, the refrigeration unit's battery will be expeditiously replaced by Carrier Transicold's extensive dealer network throughout the U.S. and Canada if the battery fails to start the TRU within the contract coverage.

Benefits of the BluEdge contract:

- ✓ Hassle-free support
- ✓ Labor included
- ✓ Contract extends PowerRush wet cell coverage to 24 months (vs. 18 month standard warranty)
- ✓ Fast, simple warranty process

Harness the Power of Solar and BluEdge for Ultimate Battery Protection

PowerRush batteries are engineered to meet the tough cycling demands of TRU applications. But even the best batteries can be drained during extended "off" periods, due to current draw from devices such as TRU telematics systems. Solar panels can sustain battery charge without requiring the TRU to run, saving fuel and ensuring uninterrupted performance.

And now, the use of a smartly engineered Carrier Transicold solar charging system can qualify a TRU for enhanced battery protection under a BluEdge service contract.

See your Carrier Transicold dealer today for complete details and to learn how TRU Battery Protection can support your operations.

As of publishing, TRU Battery Protection is available for: X4™ 7000 series units, Vector™ 8000 series units, Vector HE 19 and 1550 intermodal systems, and the Solara™ heating unit. Use of either PowerRush wet cell or PowerRush Platinum (AGM) batteries required. Coverage can apply to existing systems already equipped with Carrier Transicold solar charging systems and PowerRush batteries. See Carrier Transicold dealer for full terms and conditions.
