

Carrier Transicold Parts Shop

Your one-stop marketplace for
transport refrigeration parts

Finding the right part starts with the right expertise

One marketplace connecting you to the expertise, support and parts that keep fleets moving.

Carrier Transicold Marketplace

Carrier Transicold Parts Shop is a digital marketplace providing 24/7 access to transport refrigeration spare parts, approved products and services. It connects customers directly with Carrier Transicold and its certified Service Partner network.

The digital marketplace was created to make sourcing, ordering and servicing refrigeration parts simpler, faster and more reliable. It connects refrigerated transport professionals to the right parts, products and certified support, when and where they need them. As a manufacturer-led marketplace, Carrier Transicold combines trusted expertise, service and connectivity in one experience designed around the realities of fleet operations.
