WARRANTY PERIOD: The warranty period is provided in the warranty coverage table.

Warranty Stipulations

The warranty periods stated herein are inclusive of any warranty previously made by Carrier Transicold, and in the event the part warranted hereunder is used to replace a part subject to a previous warranty made by Carrier Transicold, the period of warranty shall be limited to the unexpired portion of the previous warranty.

In such case, the warranty coverage as set forth in the Coverage Table starts at the installation date of the part, provided that the repair was either: (a) registered in Carrier Transicold’s Repair Registration App, or (b) another valid proof of installation date is available.

Any warranty claim that falls outside the primary and/or secondary warranty period will be reviewed on a case-by-case basis at Carrier Transicold’s sole discretion to accept or reject.
