

SensiWatch® Platform Mobile App

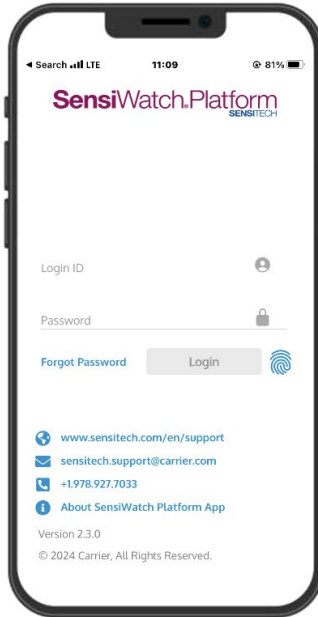

SensiWatch Platform
SENSITECH

The SensiWatch Platform Mobile App is the companion mobile application to the core, web version of SensiWatch Platform.

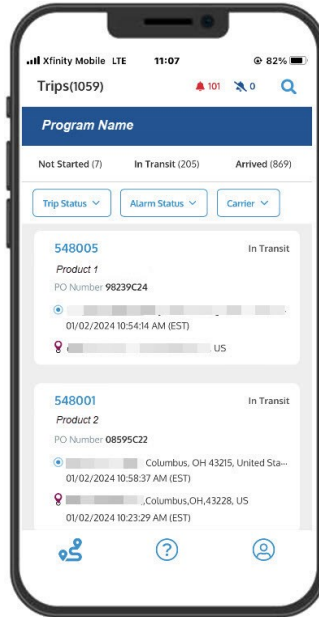

Download the Mobile App from the Apple Store or Google Play.

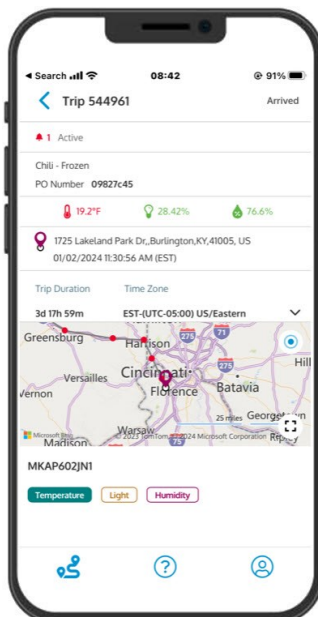

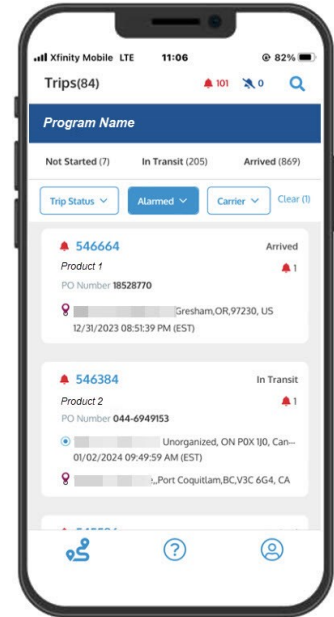

View trip list and a trip details page in the SensiWatch Platform Mobile App.

Login uses the same login credentials as the web version.

Trips is where users can view a list of trips, filter the list by trip and alarm status, and find a specific trip.

Trip Details is where users can view the map, graph, and other details of a trip; such as, trip status, origin, stops, and final destination. Users can also acknowledge alarms here.
