## Filter Drier Parts Update

Please take note of the two new parts:

- 14-00464-20 FILTER DRIER WITH O-RING
- 14-50110-00 FILTER DRIER, ECONOMY

Recommendations:

- 14-00464-20: Contains o-rings to be used for units under warranty
- 14-50110-00: Economy drier to be used for older units

We have included a reference to the old part numbers in the table on the right, so it is clear what is being superseded.

Container Aftermarket Parts regional locations reserve the right to deplete current stock on hand before switching to the new drier.

Please contact your regional CAP representative if you have any questions.
