

Universal Remote Evaporator Guards

Ideal Fit and Durability

- Universal design for installation on both full and $\frac{1}{2}$ width evaporators
- Compatible with Carrier Transicold® Vector™, Supra® 950 and Supra S10 evaporators
- Hinged and unhinged versions available for both single and dual discharge configurations
- Sturdy, lightweight aluminum protects against loading damage without compromising air flow

Cost Savings

- One part number can be used for both $\frac{1}{2}$ and full width evaporators for stocking efficiency
- Universal design allows for ease of maintenance of full width evaporators
- Integrates directly with existing unit mounting studs, making installation quick and easy

Peace of Mind

- 90-day limited parts warranty
- Available at Carrier Transicold Dealers in the US & Canada

Above photos depict installation of 79-50141-00 hinged guard installed on both full* and $\frac{1}{2}$ width evaporator. *requires 2 guards

Host Guard
